The Class of 2004 would like to thank our class advisor, Mrs. Powers

Mrs. Powers,

Thank you so much for taking on the challenge of being our class advisor over the past few years. You along with Ms. Andries kept everything organized and have kept us all motivated together as a class. You have been fair and easily approachable to everyone and you have contributed so much to making our senior year a memorable one. We cannot thank you enough for all of your work. We appreciate it so much.

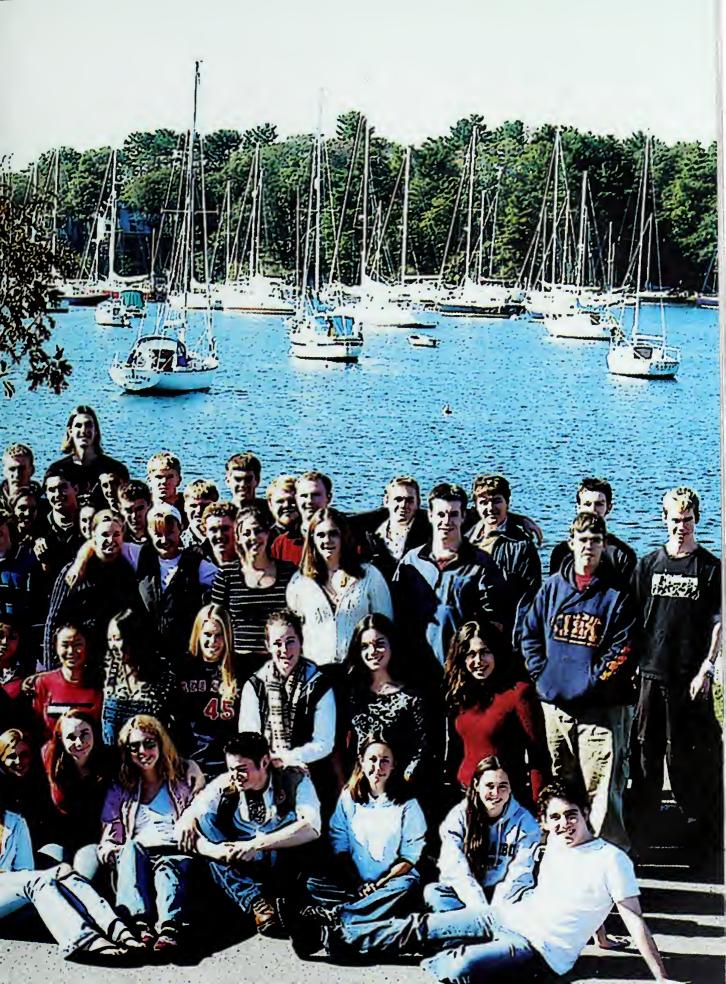

-Class of 2004

Dedication

Luke Conlin

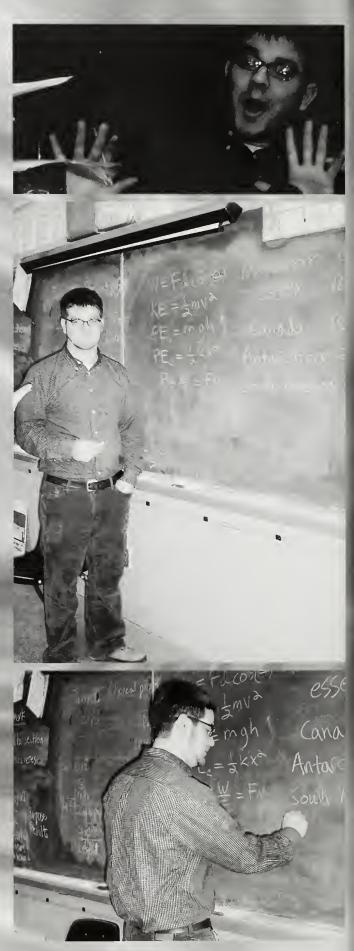

For the past two years, Luke Conlin has taught physics and astronomy for the science department. His teaching method of writing blurred, unreadable problems on the board, and asking students "So, what's the answer?" is only one example of how he adds humor to class, yet also provokes students' interest and curiosity. Because of him we really enjoy going to class!

Mr. Conlin has also taken part in the Talent Show (playing his bass, of course). And he has been involved in other school events, such as performing at our Homecoming Dance with his band, and belting out the lyrics of "Day-o" at the DECA Spirit Night.

He has been able to relate to students on a level that not many other teachers can accomplish. This is because he is only slightly older than our senior class and definitely has a "groovy" attitude about teaching.

The Class of 2004 would like to dedicate our yearbook to Luke Conlin. Your passion for teaching has helped us learn complicated aspects of physics and astronomy. We never would have been able to comprehend it without your ability to make it fun. Thank you for making our last two years in high school memorable!

Every adult you ever ask will say they would rather be back in school than to be working everyday. That's because from the time you're born to the time you graduate High School is the time in your life when you have the least responsibility, the time in one's life to enjoy and have as much fun as possible. So to all the classes behind me, live it up while you're here. This entire class sure did. Too many fun times to list, and a few that shouldn't be listed anyway. A special thank you to my family for always sticking by me no matter what situation I was in, and for always supporting me. To anybody whom I enjoyed the High School experience with, it sure was fun while it lasted. There are many more good times to come. So let the

good times roll..

Too much of my time has been spent counting down the days to graduation rather than simply enjoying high school for what it's worth. But I still managed to make memories that I know will never fade. I have spent the equivalent of 4 days on a train, continued a fat joke for way too long, struck oil at Singing Beach, watched movies starring the same person for 24 hours straight, and defied death more times than I can remember, including walking along a Florida freeway, sledding at midnight, and jumping the hack roads of Essex. This is a thank you, to my girls and my hoys, my fatsoes and my homes, my squirrels and my deer killers, and especially my family, for a valiant attempt to preserve whatever hit of sanity I had to begin with...wheresoever you may go, may you go with all your heart.

A farewell to the class of 2004 from MERHS faculty and staff

"The class of 2004 has to be one of the nicest classes to pass through MERHS. They are not only nice to one another but nice to their teachers, coaches, and fellow school mates. I'll miss their smiles, their laughter, their sense of humor, and all the things that made them so special. Good luck and don't forget to keep in touch." ~Ms. G

...farewell

"Your best years are ahead of you and the impact you make upon the world will be substantial. Follow your dreams, but remember your responsibilities. Fullfillment comes from accomplishment, and you will accomplish great things!!!" ~ Mr. Meltz

"I will sorely miss Baz, Kritter, Thayer, Fifedom and Edge. Hoops and the school will not be the same without then. They will always have a place on the bench next to Marty and me." ~TA

"The Class of 2004 is known for its diversity and its honesty. They have excelled in all areas of the school - athletics, debate, journalism, drama, DECA - but their real distinction has been that each member of the class has remained an individual and has made a contribution to the school. The class members speak up for themselves and march to their own drummers, but when it comes to school spirit and "joie de vivre" they march together. I will miss them as my penultimate senior class." ~Aves

"I'm going to miss all my little "sweet peas." I hope your lives will be "fine and dandy!" I've loved every minute with my seniors this year." ~Mrs. Wansong

"I'm sad that you are leaving, but my heart is full of pride also. You have been a joy to know. We go back all the way to the second grade and I will miss you all very much. Good Luck. And don't forget to always "pick up and throw away your trash!" ~ Mrs. Hunt

Dear Class of 2004,

What a long journey it's been... We've come from across the bridge, all the way down Southern Ave., and from many other places along 127 and 128 that lead to the small town of Manchester. But no matter where we came from we have all become the class of 2004 together.

One thing we both have noticed about all of you is your amazing ability to make any situation fun. In the halls and during class you're hysterical. We love that there's rarely a moment when you don't have anything to say. But we are also proud to be part of a class that has an incredible ability to be compassionate and understanding when the time comes.

With this book we hope you can remember all of the places we've been together, and where we are now as we graduate. Isn't it funny that the word "graduate" finally applies to all of us, because hasn't that been the one word on our minds for the past four years? Well here it is; take this book with you into the new chapter of your life, and use it as a way to remember how you've grown into the person you've become.

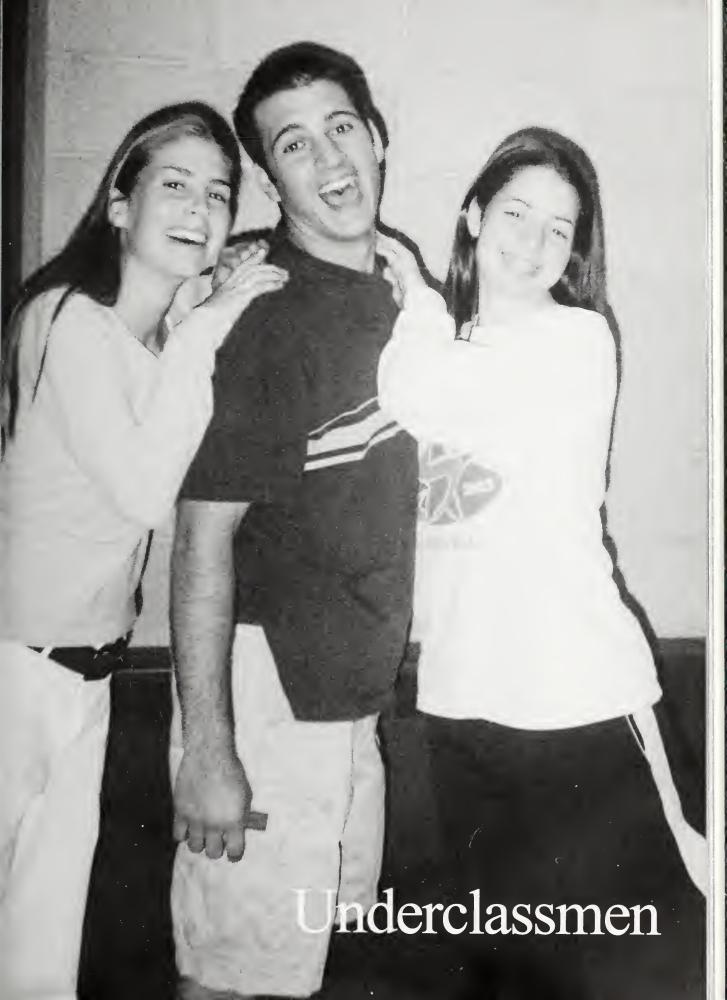

"May the road rise up to meet you, May the wind be always at your back, May the sun shine warm upon your face, And the rains fall soft upon your fields, Until we meet again my friends, Until we meet again..." (Irish Blessing)

We wish you nothing but the best, and we hope your lives will be full of happiness and success.

Love Always,

Merrill and Hunter

2004 Yearbook editors

How do we thank you? Let the yearbook staff count the ways!

Hunter, We thank you for ...

- 1. your shared passion of "OLD" when it comes to the page layouts!--Ash
- 2. being a great editor who always helped me! Thanks!--Kate
- 3. answering all of my millions of questions and reminding me that I actually had to do my pages at some point. You made the perfect editor and the perfect yearbook!--Eliza
- 4. being so dedicated and organized to the yearbook. You made it look so great!--Marni
- 5. your devotion and hard work has truly paid off. It's gonna look awesome! Great job!-Kara
- **6.** knowing exactly what needs to be done and how, having the patience to show us, staying late to get everything done, and for wanting to make this yearbook great! You helped so much with everything, thanks so much!--Lauren
- 7. all the long but fun hours at both school and work, making sure we all knew what we had to do regardless of how much time it took up, always helping with the photos, at photo stop and layout, being there for us when we needed help and for making sure we all had fun in the process! I'll miss you but thank you for everything!--Paige
- 8. being on top of every detail, being incredibly organized, taking charge, not missing a single deadline, and most of all, for giving 110% to everything you do since your "Day of the Dead" project in the eighth grade!--Sra. Marnoto

Merrill, We thank you for...

- 1. joking around with me about "a certain person" during the long hours of yearbook layout to keep me smiling.--Ash
- 2. doing a great job as editor. It came out amazing!--Kate
- 3. always having a smile on your face and being willing to always make the best of a situation! Your positive attitude helped to make a fabulous yearbook for the best class ever, 2004!--Eliza
- 4. being so responsible but easy-going at the same time. It's gonna look great!--Marni
- 5. doing such a great job! You were organized and did great on such a huge undertaking.--Kara
- **6.** always being cheerful and ready to do what needs to be done, for always having a smile even when we're working late and helping out always.—Lauren
- 7. all of your hard work, all of your help, your kindness and smiles! Thanks so much 'Rill'--Paige
- **8.** being so easy to work with, being such a loyal friend that you were willing to do ANYTHING to get a friend's half-page paragraph included in the yearbook...even if it meant being a FedEx employee for the rest of your life, and for being willing to even miss something you love (lacrosse) to make a yearbook meeting.--Sra. Teachers Teach What They Will Never Know

Teachers teach what they will never know,
However thoroughly they may prepare.
After all the books and lesson plans,
No test can touch the things that make us care.
Knowledge is not the choicest seed they sow.

Your devotion is a pair of hands Offering a sculpture fierce and rare, Unveiling a place where I must go.

Congratulations, Katie.

We love you and are so very proud of you.

"To laugh often and much;
to win the respect of intelligent people and the affection of children;
to earn the appreciation of honest critics and endure the betrayal of false friends;
to appreciate beauty, to find the best in others; to leave the world a little better;
whether by a healthy child, a garden patch or a redeemed social condition;
to know even one life has breathed easier because you have lived.

This is the meaning of success."

-Ralph Waldo Emerson

TRIBUTE TO RYAN 2004

As a baby you were precious, So small and so good. We thanked God for our blessing As often as we could.

You always loved gadgets
And things you could bang.
And don't forget Teddy Ruxpin,
The teddy that sang.

You're now done with high school-So hard to believe! You made it through somehow Without any grief.

The mystery now
Is what lies ahead,
Though it's not nearly as scary
As the mess near your bed.

Though you'll be leaving us all
To be sure far too soon,
Patrick is psyched
To take over your room.

Whether near or far To college you're bound. Hershey will miss you— Want to take the hound?

Please don't forget
Freak the fish in a rush
For if you do
He might get the flush.

Seriously, though, You've made us so proud. You're a son we love dearly And we mean that out loud!!

WE ARE SO PROUD OF YOU! ALWAYS KEEP YOUR POSITIVE ATTITUDE, AND OH, THE PLACES YOU'LL GO!!!

LOVE, MOM AND DAD

It's our turn

to cheer for you

LYDIA

Look to this day. For it is life,
The very life of life.
In its brief course lie all
The realities and ventues of existence,
The blass of growth,
The splendor of schoon,
The glary of power

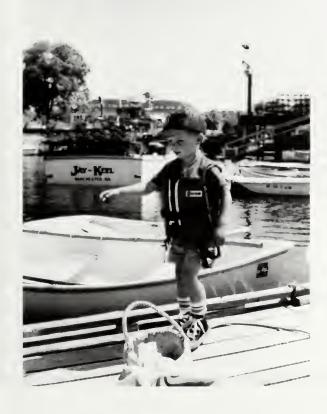

For yesteday is but a dream, And tomorous only a usun, But today will lived, Makes every yesteday a dream of happiness And every tomorous a usun of hope

Look well, therefore, to this day!

The future belongs to those who believe in the beauty of their dreams.

'When you see the Southern Cross for the first time,
You understand now why you came this way.
'Cause the truth you might be runnin' from is so small,
But it's as hig as the promise, the promise of the coming day.
So I'm sailing for tomorrow, my dreams are a dyin'
And my love is an anchor tied to you, tied with a silver chain.
I have my ship and all her flags are a flyin'
She is all that I have left and music is her name."

May you always have a star to guide you and a dream in your heart.

You are our hero!

It rained rivers
The sun came up
Then the moon came up
The wind stopped

Whitney's first poem Age two years and five months

Dreams Can Hope, Hopes and Dreams

Heavy weights shut the door to consciousness. Now you are where ever your mind takes you. Tonight it is in the woods, You see birds, water, trees and a strange mushroom. Dreams can take you places.

Like sand blowing in the wind a dream can change. Simple like a rock or complicated as a clock dreams can be.

A hope can be a dream. You can dream a hope, and it will probably come true.

If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured and far away.

Lover of shooting hoops, lying in the sun, and skiing with family,

Who feels joy at all times, lucky to be loved, cheerful 24/7,
